Colour Options

Coatings & Coating Guarantee

For over twenty years the Confidex® guarantee from TATA steel has remained best in class. Confidex® is the product performance guarantee for Colorcoat HPS 200 Ultra, when used in an external building envelope application, namely roof and wall cladding on industrial and commercial buildings. Confidex® offers the longest and most comprehensive guarantee for pre coated steel in Europe.

Warranties

Alumasc offers a comprehensive range of single-source warranty options for up to 20 Years. Installed exclusively by Registered Contractors and underpinned by Alumasc's extensive project support service, Alumasc warranties cover product, workmanship, and design.

Technical Support

Alumasc Technical Services can advise on all aspects of product selection, specification and integration of Alumasc systems into any building design. Refer to the product data sheet for further technical information.
