

ALUPLY PVC FLEECE BACKED MEMBRANE

Solutions for adhered applications comprising a multi-layered thermoplastic 1.5mm PVC-P roofing membrane reinforced with a polyester fleece to provide stability and excellent adhesion of the membrane to all approved substrates, ancillary components, insulation boards, and air and vapour control layers (AVCL). Aluply PVC is another high-performance waterproofing solution from Alumasc Roofing and is subject to the highest levels of certification and testing. Adhered using a compatible cold applied adhesive, the system is fully adaptable to meet the individual requirements of every project for use across all building sectors in both new-build and refurbishment roofing projects.

✓ Where to Specify

- New Build
- Refurbishment
- Warm roofs (all roofing insulations)
- Overlay of existing waterproofing systems
- Compatible with all conventional roofing substrates

✓ Durability

BBA Certified - When installed on stable substrates and regularly maintained, the system will have a life in excess of 35 years.

Typical Assembly	
3	Aluply PVC Fleece Backed Membrane
	Alumasc Fleece Back Adhesive
2	PIR Insulation or Class A fire rated alternative
	PU Insulation Adhesive
1	Air & Vapour Control Layer, type according to the substrate
	Alumasc Primer, type according to AVCL

ALUPLY PVC FLEECE BACKED MEMBRANE

Other Common System Types

Insulated Overlay of Existing Waterproofing

3	Aluply PVC Fleece Backed Membrane
	Alumasc Fleece Back Adhesive
2	PIR Insulation or Class A fire rated alternative
	PU Insulation Adhesive
1	Existing waterproofing

Cold Overlay of Existing Waterproofing

2	Aluply PVC Fleece Backed Membrane
	Alumasc Fleece Back Adhesive
	Primer, type according to the substrate
1	Existing waterproofing

Approvals

- BBA Certificate Pending
- Fire classification of **B_{roof}(t4)** in accordance with BS EN 13501-5

Warranties

Alumasc offers a comprehensive range of single-source warranty options for up to 20 years. Installed exclusively by Registered Contractors and underpinned by Alumasc's extensive project support service, Alumasc warranties cover product, workmanship, and design.

Technical Support

Alumasc Technical Services can advise on all aspects of product selection, specification and integration of Alumasc systems into any building design.
